MSK EIGHTH GRADERS VISIT BOSTON'S MUSEUM OF SCIENCE

"I WANT TO BE AN ANIMATION ARTIST, AND I LEARNED THAT I NEED TO KNOW A LOT OF MATH!" DARRIEN

In January, the entire eighth grade class visited the special exhibit, The Science Behind Pixar, at Boston's Museum of Science. This interactive exhibition showcased the science, technology, engineering, and math (STEM) concepts used by the artists and computer scientists who help bring the Pixar characters to life. With more than 40 interactive elements for students to experience, they were able to see how much of the work that they do in class can be used in future career possibilities, and were able to envision possible career paths in exciting fields.

"I WENT TO A GRAPHIC DESIGN CAMP THIS SUMMER. I DO ART AND TECH HERE AT MSK. THE PIXAR EXHIBIT SHOWED HOW ALL OF THESE THINGS COME TOGETHER. I HAVE BEEN WORKING ON MY OWN TIME WITH THE PIXAR IN A BOX ACTIVITIES THAT WE STARTED IN MATH CLASS. IT REALLY WAS GREAT." KAYLEY

The Nonantum Resort, Kennebunkport Friday, May 13, 2016 7:00-10:30 p.m.

4TH AND 5TH GRADE ARTS FESTIVAL AT SEA ROAD SCHOOL

FOURTH AND FIFTH GRADE ARTS FESTIVAL

In September, all fourth and fifth graders came together at Sea Road School to immerse themselves in art projects under the tutelage of River Tree Arts instructors. In conjunction with the Bauman Family Foundation, EFKA and River Tree, students spent the morning in art workshops where each of them came away with a piece of art. Following lunch, all students watched a mime performance. Bringing all fourth and fifth graders together from Sea Road, Consolidated, and ML Day, was an incredibly positive experience in many ways.

EFKA NEWS

As part of the Foundation's Strategic Plan, our Board of Directors has been working to make the Foundation more recognizable to the three communities in RSU21. Through a rebranding initiative, a group of volunteers, led by illustrator/designer Nick Wright, spent hours brainstorming, discussing, and revisiting our mission and goals. The Foundation is excited to share our new logo this spring. Additionally, a video showcasing the Foundation's efforts to support innovative and creative programming in the RSU will be rolled out by James Read of Benchmark this spring. Look for both initiatives on our Facebook page and our website!

MAKE AN END-OF-YEAR GIFT TO HONOR AND SAY THANK YOU TO A TEACHER, COACH, STAFF MEMBER OR ADMINISTRATOR

As your child completes the current school year, whether to graduate or advance to the next grade level, there's a meaningful way to recognize those who helped along the way. A gift to the Education Foundation of the Kennebunks and Arundel in honor of a teacher, staff member, administrator or coach sends a message of thanks. Each honoree will receive a certificate from EFKA letting him/her know of your gift.

Make your gift by **June 13** on our website to be sure your gift is recognized before school recesses for the summer.

MARK YOUR CALENDAR FOR OUR 7TH ANNUAL GOLF TOURNAMENT ON MONDAY, SEPTEMBER 19, 2016 AT WEBHANNET GOLF CLUB.
